

Les Bruhasses

The essential guide to Armagnac Hotels

Les Bruhasses

Hélène Royer and her husband, Jean, returned home after running restaurants in the US to spend a decade doing up this lovely farmhouse just outside Condom, but she never stopped cooking. Even breakfast features a different home-baked product each day. There is a large terrace out front, a small breakfast patio further back and a relaxed atmosphere. Hélène is a walking guidebook and will supply as many local tips as a guest requires. Even if you book one of the self-catering apartments, make sure to try her table d'hôte at least once: America's loss is definitely Gascony's gain.
